PROBLEM TODAY: DO YOU KNOW WHAT INFLATION IS?

INFLATION:
The prices of goods and services go up, and value of the money decreases.
DO YOU KNOW WHAT PRICE STABILITY (VALUE PRESERVATION) IS?

Price stability in an economy means that the general price level in an economy does not change much over time.

WHAT DOES KARATBARS OFFER YOU?
Have a look at companies like VISA, American Express, Master Card, PayPal as well as ApplePay! And now imagine your possibilities within our gold backed payment system.

More than $3 trillion transactions potential per day!

KARATGOLD CORPORATION:

Was founded in Singapore in 2015 and is primarily responsible for the creation and distribution of CashGold, which was developed in collaboration with Karatbars International.
KaratPAY is an online platform developed by KaratGold and Karatbars International for the purpose of CashGold transaction.

- Here you can buy, transfer and pay with CashGold.
- Simply open a KaratPAY account for free. And send real gold through the network.

PAPER MONEY WITH REAL GOLD, what else?

Sending real gold via online services!
New ERA of payments in a complete ecosystem.
The only payment solution that is fully backed by gold and will always have value.
Only by consensus of the network each transaction is released.

- Blockchain projects are based on a decentralized structure
- Complete and immutable book of accounts (ledger)
- No central authority controls the "system"
- Users are the ones who control the network
- Each transaction is checked for accuracy, completeness and "uniqueness"
- Decentralized acceptance of orders up to transaction
- Low-cost and fast transactions
KBC:

- KBC is more than a cryptocurrency. It stands for a complete paradigm shift!
- KaratGold Coin has raised over $100 million to become one of the largest ICO’s in history.
- Starting from July 4th, 2019, KBC coins can be exchanged for pure physical gold at the rate of 1g = 100 KBC.
- KBC is backed by gold of Fort Dauphin, a gold mine in Madagascar having gold reserves of $1.2 billion and the biggest mine in the world with 700 tons deposit of gold in Guinea.
- The growth outlook for the KBC is guaranteed by Gold Standard's global mining network.
Gold Standard’s vision and mission is to establish the KARATCOIN BANK WORLD ecosystem catering the needs of a fully blockchain-based and cryptocurrency-oriented banking & finance system

- The first blockchain-based payment system centered around real assets
- Owns Karatbit Exchange, its own cryptocurrency exchange
- Develops efficient improvements for our gold mine
- Develops our blockchain-based KaratBank Business
- Price of gold (CashGold) is lower compared to our competitors
- Transaction fees are lower compared to our competitors
- Annual fees for bank accounts and credit cards is lower compared to our competitors
- $100 Million base capital with KaratCoin Bank
- Holds license worth $2 Billion
KCB:

- KCB is the coin of KaratCoin Bank, the world’s first Crypto Bank.
- With blockchain everyone can see where and how gold is stored and to which value KCB is backed by gold.
- KCB is represented by a real bank office in Miami, USA.
- After the MAINNET release on 20th September 2019, both KBC and KCB coins will have their own blockchain with market value protection.
- The single coin will be fully backed by gold and exchangeable for gold.
- DSG, K-Phone, KaratBit, Kexchange, KaratPay are products that will generate transaction fees from its users.
- All fees will create income streams for future growth of KCB coin.
- Imagine the potential and future of KCB!
